

PRODUCT DATA SHEET

BEL-RAY® THUMPER RACING SYNTHETIC ESTER BLEND 4T ENGINE OIL

Bel-Ray Thumper Racing Synthetic Ester Blend 4T Engine Oil combines the finest quality synthetic esters and mineral base oils specifically engineered for today's 4-stroke single cylinder, multi-valve racing engines. The oil provides maximum anti-wear protection for valve-trains, rings, cylinders and pistons. It delivers maximum horsepower while providing consistent clutch performance. **Bel-Ray Thumper Racing Synthetic Ester Blend 4T Engine Oil** exceeds API SM and JASO MA2 requirements. The oil is suitable for air-cooled or liquid-cooled 4-stroke engines and wet clutches.

Applications

- ◆ For use in all 4-stroke engines requiring an oil meeting the API SG/SH/SJ/SL/SM standards
- ◆ For use in all 4-stroke motorcycles with or without wet clutches including those specifying the use of a JASO MA/MA1/MA2 qualified oil
- ◆ Use in all 4-stroke motorcycle engines with or without wet clutches

Features and Benefits

- | | |
|----------------------------|---|
| ◆ Superior anti-wear | Reduced cylinder and ring wear. Longer bearing life. |
| ◆ Superior deposit control | Cleans deposits. Controls sludge and varnish formation. Keeps ring lands and grooves free of carbon build-up. |
| ◆ High viscosity stability | The shear stability provides superior lubrication and film strength. Minimizes friction for maximum power. |
| ◆ Smooth power transfer | Prevents clutch grabbing for an easily controlled and efficient gear shifting and clutch operation. |

General Description

Bel-Ray Thumper Racing Synthetic Ester Blend 4T Engine Oil is a premium multi-grade synthetic blend motor oil engineered for single cylinder multi-valve 4-stroke racing engines. **Bel-Ray Thumper Racing Synthetic Ester Blend 4T Engine Oil** protects against viscosity breakdown under high temperature and high shear.

<u>Product No.</u>	<u>99520</u>	<u>99530</u>
SAE Grade	10W-40	15W-50
API Service Category	SM	SM
JASO Performance Classification	MA2	MA2
